### Industry Solutions:

#### **Sales & Marketing**

Impress your prospects with persuasive and professional online sales presentations. From scheduled presentations to on-the-fly opportunities, ConferenceCalls.com provides the web services you need to help make your meeting a success.

#### **Meetings**

Send and accept meeting invitations with just one click! With our Web Conferencing services, you can instantly initiate a voice conference or share applications, documents, and presentations with anyone worldwide. Reduce travel costs and boost productivity.

#### **Training & Education**

Complement your training program with online sessions, or use our application sharing services to facilitate online-only education. Features such as hand raising, polling, and Q&A provide a robust, interactive environment that is well-suited to learning.

#### **Webinars**

High-quality voice and web conferencing and an intuitive user interface will help make your web seminar a success, whether it is a company update, product roll-out, analyst briefing, marketing seminar, or other large presentation.
